The following terms and conditions form part of the indicated Special Coverage form.

COLLECTOR MOTOR VEHICLE AGREED VALUE POLICY (APV348)

Indemnity pursuant to the Collector Motor Vehicle Agreed Value Policy is subject to the following special terms and conditions, in addition to the provisions of Division 5 of the Optional Policy where applicable.

1. For the purpose of this policy, a collector motor vehicle means a collector motor vehicle as defined in section 22A.01 of the Motor Vehicle Act Regulations.
2. Where, during the term of this policy, accidental loss or damage results in the total loss or constructive total loss of the entire collector motor vehicle described on the policy, the Corporation shall indemnify the insured for the amount by which the agreed value of the entire collector motor vehicle, as set out on the policy, exceeds the amount that would be payable to the insured for own damage coverage under Division 5 of the Optional Policy.
3. Subject to condition 2 above, the deductible amount applicable to the own damage coverage under Division 5 of the Optional Policy that is in force with respect to the collector motor vehicle described on the policy shall not be applied in the event of a claim for the total loss or constructive total loss of that entire collector motor vehicle.
4. It is a condition precedent to indemnity pursuant to this policy that during the term of this policy, the insured collector motor vehicle, if licensed, must be insured under a valid and subsisting owner's certificate as a collector motor vehicle in rate class 701, 705, 710, 711, 712, 713, 714, 720, 721, 722, 723 or 724.
5. It is a condition precedent to indemnity pursuant to this policy that the insured collector motor vehicle must be one that is currently approved by the Corporation as a collector motor vehicle, and has been assigned a Collector approval number.
6. Failure of the registered owner of the insured collector motor vehicle to promptly notify the Corporation in writing of any change to the vehicle that constitutes a change material to the insured risk and that is within the knowledge of the registered owner, shall entitle the Corporation to deny indemnity pursuant to the policy.

Without restricting the generality of the foregoing, the words "change material to the insured risk" includes:

- (a) any change in the insurable interest of the insured in the described collector motor vehicle, including sale, assignment or transfer or arising from death or bankruptcy;
 - (b) a change in the equipment or condition of the collector motor vehicle resulting from the addition of or removal of part of the vehicle so that the description or evaluation of the vehicle would materially differ from the information contained in the application for this policy;
 - (c) a change in the condition of the collector motor vehicle resulting from any unrepaired damage, rusting or deterioration from any other cause so that the description or evaluation of the vehicle would materially differ from the information contained in the application for this policy.
7. Notwithstanding any other term of this policy, this policy is void:
- (a) if the registered owner, principal operator or anyone who drives the vehicle has not held a valid driver's licence for 10 years or longer;
 - (b) if, when the vehicle is located at the registered owner's address or at the alternate address shown on the policy, it is not kept in a fully enclosed, locked location.
8. Definitions:
- In this policy, the following words or phrases have the following meanings:
- "insured"** means the registered owner of the described collector motor vehicle whose name is shown on the face of the policy;
- "constructive total loss"** means that condition of the described collector motor vehicle that exists when it might be feasible to repair the described collector motor vehicle but the cost of repairs to the described collector motor vehicle exceeds the net agreed value of the described collector motor vehicle;
- "fully enclosed locked location"** means a location that is fully enclosed and secured to the extent that it cannot be entered into without the use of a key, remote control or security system access card, but does not include a location that allows for the parking or storing of vehicles by anyone other than the insured and members of the insured's household;
- "net agreed value"** is the amount determined by subtracting the value or estimated value received from the sale of the salvage of the wrecked described collector motor vehicle from the agreed value of the described collector motor vehicle;

"total loss" means that condition of the described collector motor vehicle that exists when the described collector motor vehicle is stolen and not recovered or is so severely or extensively damaged that it is not feasible to repair the described collector motor vehicle.

CONTINGENT LIABILITY INSURANCE POLICY (APV243)

In addition to the insuring clause and other terms and conditions set out in this policy, the following terms and conditions apply:

1. The minimum limit of third party liability insurance required on each underlying owner's certificate of insurance for each leased vehicle registered and licensed under the British Columbia Motor Vehicle Act jointly in the name of the named insured as owner/lessor and the lessee shall be fixed by the named insured as a condition of the standard form of lease agreement between the named insured and the lessee respecting the leased vehicle to which this policy is applicable and be not less than the limit of liability required by condition 12 of this policy.
2. Attached to this policy is a copy of each form of written agreement currently in use by the named insured to lease a vehicle to a lessee where the vehicle is a vehicle to which this policy is applicable. The named insured shall immediately notify the Corporation of any change, deletion or alteration in the language of any of the attached lease(s) or of any addition to or deletion from the number of attached forms of lease(s) used by the named insured.
3. The Corporation shall indemnify the named insured under this policy only where a lessee, its officers or employees, fails to obtain or keep in force for the duration of the term of this policy, underlying insurance as required by the lease according to the applicable lease form attached to this policy in accordance with condition 2, the underlying insurance to be for a limit of liability required by condition 12 of this policy.
4. (a) The named insured shall not deliver to the lessee a leased vehicle to which this policy applies without the named insured first having obtained from the lessee the following documents:
 - (i) an undertaking signed by the lessee (the "lessee's insurance undertaking") that for the duration of the lease agreement, the lessee will obtain and keep in force owner's certificates of insurance (the "underlying owner's certificate") jointly in the name of the named insured as owner/lessor and in the name of the lessee,

- (ii) a copy of the initial underlying owner's certificate for each leased vehicle confirming the existence of the insurance described in condition 4(a)(i).
 - (b) The named insured must obtain and keep a copy of every renewal of the underlying owner's certificate in an amount not less than the limit of third party liability specified in the applicable lease agreement as attached to the policy for each leased vehicle to which this policy applies for the duration of each lease agreement. The named insured must present copies of the renewal certificates of insurance in the event of a claim.
5. Where, during the term of this policy or any renewal of it, the named insured receives knowledge that the underlying owner's certificate has not been obtained as required by condition 4 or that the underlying owner's certificate that was obtained has subsequently been cancelled or has expired without being renewed, the named insured shall promptly and in any case within 30 days of receipt of that knowledge, arrange to replace the cancelled or expired underlying owner's certificate with a valid and subsisting owner's certificate for the limits of liability required by the applicable lease. If the underlying owner's certificate is not replaced by the named insured as required by this condition, this policy shall, without further notice, thereupon be deemed to be cancelled with respect to the indemnity afforded the named insured as owner for vicarious liability for damages arising from the use or operation of the vehicle to which that underlying owner's certificate of insurance should have been applicable.
 6. During the term of this policy or any renewal of it, the named insured shall make, and, for three years after termination of this policy, shall keep records of the following:
 - (a) all vehicles to which this policy is applicable;
 - (b) the lease agreements between the insured and the lessee relating to each vehicle to which this policy is applicable;
 - (c) the lessee's insurance undertaking required by condition 4;
 - (d) receipt of knowledge that an underlying owner's certificate had not been obtained or had been terminated as described in condition 5;
 - (e) any proof of replacement insurance obtained by the named insured in accordance with condition 5.

Failure of the named insured to make and keep the records required to be made and kept by this condition, may void this policy as decided by the Corporation in its sole discretion.

The Corporation may inspect the records referred to in this condition at any reasonable time during the term of any renewal of this policy or during the three years following the cancellation or termination of this policy.

7. On or before the inception date of this policy, the named insured shall determine the total number of vehicles then under lease by the named insured to lessees and to which this policy is applicable and the named insured shall declare the number of vehicles so determined on this policy, which number of vehicles shall be used by the Corporation to determine the premium paid for this policy. Thereafter during the term of this policy or any renewal, the named insured shall report to the Corporation whenever the actual total number of leased vehicles to which this policy is applicable varies by more than 25 per cent from the number of vehicles declared at inception of this policy by the insured or last previously reported in accordance with this condition, or shown as an amended declared total number of vehicles on any renewal form of the policy.
8. Where, on the date of the occurrence of an accident resulting in a claim under this policy, the number of vehicles to which this policy applies is more than 25 per cent greater than the number of vehicles declared or reported in accordance with condition 7 of this policy, then the gross amount claimed for each separate and distinct loss or occurrence to which this policy applies, shall first be reduced to a "net claim" by subtracting from the gross amount of the claim the deductible amount shown on the front hereof and then second, the Corporation and the named insured, shall be co-insurers under this policy for each resulting net claim. The co-insurance to be paid by the Corporation under this condition shall be calculated as follows:

Paid Premium

Actual Premium

In this calculation "**actual premium**" means the premium that would have been paid by the named insured if the named insured had declared or reported the actual number of vehicles to which this policy applied at the date of loss, where that actual number of vehicles is greater than the number of vehicles declared on this policy and for which premium has been paid and "paid premium" means the premium paid to the Corporation by the named insured for this policy at its inception or last renewal or any alteration made therein in accordance with condition 7 for the number of vehicles declared on this policy.

The co-insurance to be paid by the named insured for each distinct loss or occurrence to which this policy applies shall be calculated by subtracting the amount of co-insurance paid by the Corporation for the same claim from the amount of the applicable net claim.

9. Upon the occurrence of an accident involving actual or probable loss or damage for which indemnity is or may be afforded by this policy:
- (a) notwithstanding the amount of such actual or probable loss or damage, the named insured shall give prompt notice thereof to the Corporation;
 - (b) the Corporation may investigate such accidents and without thereby waiving condition 8, the Corporation may pay a resulting claim or judgment arising from such accident and the named insured, upon written demand from the Corporation shall reimburse the Corporation any amount up to the amount of the deductible, together with any applicable co-insurance payable by the named insured as set out in condition 8 that would apply to the claim or judgment paid by the Corporation;
 - (c) the limit of the named insured's liability for repayment hereunder shall be the deductible amount set out in condition 8 applying to each accident regardless of the number of claims arising therefrom, together with any applicable co-insurance payable by the named insured.

If more than one vehicle is insured under this policy, this condition and condition 8 shall apply separately to each vehicle to which this policy is applicable.

10. The Corporation shall indemnify the named insured under this policy only where
- (a) underlying insurance is not obtained by the lessee;
 - (b) underlying insurance is allowed to lapse or is cancelled or terminated; or
 - (c) underlying insurance for the required policy limit is not available to pay a claim because of a breach of that insurance by the lessee, or a person operating the vehicle with the permission and consent of the lessee where the named insured has not permitted, suffered, allowed or connived at that breach and the named insured is vicariously liable for the claim to which the lessee's breach is applicable.
11. In this policy, damages that do not exceed the limit of liability for indemnity afforded by this policy include pre-judgment or post-judgment interest, court costs and the costs of the defence of the named insured when undertaken by the Corporation but, where the amount of the damages exceeds the limit of liability for indemnity afforded by this policy, damages in this policy means only that part of the total damages for which the named insured is vicariously liable that are within the limit of liability afforded by this policy, regardless of whether the total damages include, amongst other things, pre-judgment or post-judgment interest, court costs or the costs of defending the named insured when undertaken by the Corporation.

12. The maximum limit of liability for which the Corporation shall indemnify the insured for vicarious liability, loss or damage insured by this policy shall be whichever is the least of the following amounts:
 - (a) the limit of liability shown on this policy;
 - (b) the limit of liability agreed to in the applicable lease, including addendums to such lease; or
 - (c) the limit of liability specified in any letter delivered to the lessee by the insured owner/lessee pursuant to the lease by which letter the lessee is authorized to insure the leased vehicle, and so long as a copy of such letter is attached to this policy.
13. Regulation sections 65 and 147 do not apply to this policy except that for the purposes of regulation section 77, this policy is a policy of excess insurance.
14. This policy shall not apply to any vehicle excluded and exempted from the application of the Insurance (Vehicle) Act.

CONVERSION COVERAGE POLICY (APV56)

In addition to the insuring clause and other terms and conditions set out in this policy, the following terms and conditions apply:

1. Each loss by conversion, theft or concealment of the vehicle with respect to which indemnity is provided by this policy shall give rise to a separate claim in respect of which the Corporation's liability shall be limited to the amount of loss in excess of the deductible amount, shown on this policy, that shall be paid by the insured.
2. The Corporation's limit of liability to the insured under this policy shall not exceed the actual cash value of the vehicle at the time of loss or damage, the declared value or the cost of repair of the vehicle, whichever is the least. In no event shall indemnity under this policy include loss of use claims or costs of return to British Columbia of a vehicle from a place of recovery outside British Columbia.
3. For the purpose of this policy a camper or canopy shall be deemed not to be part of a vehicle, except that condition 1 above shall apply to the combined unit when a camper or canopy is rented or leased in combination with the motor vehicle to which such camper or canopy is attached.
4. On or before the inception date of this policy, the insured shall determine the total number of vehicles then under rental or lease by the insured and to which this policy is applicable and the insured shall declare the number of vehicles so determined on this policy, which number of vehicles shall be used by the Corporation to determine

the premium paid for this policy. Thereafter during the term of this policy or any renewal, the insured shall report to the Corporation whenever the actual total number of rented or leased vehicles to which this policy is applicable varies by more than 25 per cent from the number of vehicles declared at inception of this policy by the insured on this policy or last previously reported in accordance with this condition, or shown as an amended declared total number of vehicles on any renewal form of this policy.

5. Where, on the date of the occurrence of an accident resulting in a claim under this policy, the number of vehicles to which this policy applies is more than 25 per cent greater than the declared number of vehicles shown on this policy or shown on any renewal of this policy or as that declared number of vehicles is reported in accordance with condition 4 of this policy, then the gross amount claimed for each separate and distinct loss or occurrence to which this policy applies, shall first be reduced to a "net claim" by subtracting from the gross amount of the claim the deductible amount shown on this policy and then second, the Corporation and the named insured shall be co-insurers under this policy for each resulting net claim. The co-insurance to be paid by the Corporation under this condition shall be calculated as follows:

$$\frac{\text{Paid Premium}}{\text{Actual Premium}}$$

In this calculation "actual premium" means the premium that would have been paid by the named insured if the named insured had declared or reported the actual number of vehicles to which this policy applied at the date of loss, where the actual number of vehicles is greater than the number of vehicles declared on this policy and for which premium has been paid. "Paid premium" means the premium paid to the Corporation by the named insured for this policy at its inception or last renewal or any alteration made therein in accordance with condition 4 for the number of vehicles declared on this policy.

The co-insurance to be paid by the named insured for each distinct loss or occurrence to which this policy applies shall be calculated by subtracting the amount of co-insurance paid by the Corporation for the same claim from the amount of the applicable net claim.

6. Copies of the insured's standard written agreements that are currently in force respecting the vehicles to which this policy applies shall be attached to this policy, and the Corporation shall be immediately notified of any changes in any such agreements.

7. No indemnity shall be provided by this policy if the vehicle to which this policy applies is not also concurrently insured for own damage coverage under Division 5 of the Optional Policy.
8. This policy does not provide coverage for a vehicle that is not required to be licensed under the Motor Vehicle Act or is registered and licensed in another province or state by the insured.

EXCESS SPECIAL EQUIPMENT ENDORSEMENT (APV300)

1. 2. The insured agrees in the event of a claim under this policy to pay to the Corporation the premium that would have been payable by the insured to provide the deductibles and limits of all coverages shown on this policy which were not provided by a valid individual owner's certificate issued for the vehicle that is the subject of the claim.

POLICY OF DAMAGE INSURANCE COVERING NON-OWNED VEHICLES (APV27)

On or before the inception date of this policy, the insured shall determine the total number of vehicles to which this policy is applicable and the insured shall declare the number of vehicles so determined on the policy, which number of vehicles shall be used by the Corporation to determine the premium paid for this policy. Thereafter during the term of this policy or any renewal, the insured shall report to the Corporation whenever the actual total number of vehicles to which this policy is applicable varies from the number of vehicles declared at inception of this policy by the insured on the policy or last previously reported in accordance with this condition, or shown as an amended declared total number of vehicles on any renewal form of this policy.
7. Where, on the date of the occurrence of an accident resulting in a claim under this policy, the number of vehicles to which this policy applies is more than 25 percent greater than the declared number of vehicles shown on the policy or shown on any renewal of this policy or as that declared number of vehicles is reported in accordance with condition 6 of this policy, then the gross amount claimed for each separate and distinct loss or occurrence to which this policy applies, shall first be reduced to a "net claim" by subtracting from the gross amount of the claim the deductible amount shown on the policy and then second, the Corporation and the insured shall be co-insurers under this policy for each resulting net claim. The co-insurance to be paid by the Corporation under this condition shall be calculated as follows:

$$\frac{\text{Paid Premium}}{\text{Actual Premium}} \times \text{Net Claim} = \text{Co-insurance Paid by the Corporation}$$

In this calculation "**Actual Premium**" means the premium that would have been paid by the insured if the insured had declared or reported the actual number of vehicles to which this policy applied at the date of loss, where that actual number of vehicles is greater than the number of vehicles declared on the policy and for which premium has been paid. "Paid Premium" means the premium paid to the Corporation by the insured for this policy at its inception or last renewal or any alteration made therein in accordance with condition 6 for the number of vehicles declared on the policy.

The co-insurance to be paid by the insured for each distinct loss or occurrence to which this policy applies shall be calculated by subtracting the amount of co-insurance paid by the Corporation for the same claim from the amount of the applicable net claim.

8. Insurance provided by this policy shall be primary to any other applicable insurance coverage existing on the non-owned vehicle.
9. There shall be no indemnity pursuant to this policy for loss of use of any such non-owned vehicles.

RENTAL VEHICLE POLICY (APV281) INSURING AGREEMENTS

SECTION A

Third Party Liability to Others (except owner of non-owned vehicle)

The Corporation agrees to indemnify an insured on the same terms and conditions as set out in Part 6 of the Insurance (Vehicle) Regulation (the Regulation) for Third Party Liability, which is imposed by law upon the insured, for loss or damage arising from the use or operation of a non-owned vehicle as defined in the General Terms, Conditions and Limitations hereunder.

Special Terms, Conditions and Limitations of Section A

1. For the purposes only of this policy, Regulation section 77, entitled "Other Insurance" is waived and the following provision applies to this section of this policy only:

"Other Insurance"

 - (a) Where indemnity is also provided to the vehicle owner for the ownership, use or operation of the non-owned vehicle, by means of a certificate, policy or plan of insurance providing third party liability indemnity, indemnity provided under this section of this Rental Vehicle Policy is available only to the extent that the amount by which liability is limited herein exceeds the amount in respect of which indemnity is provided under such certificate, policy or plan of insurance.
 - (b) Where indemnity for the same occurrence is provided to the insured under two or more of the following for the use or operation of the non-owned vehicle:
 - (i) vehicle insurance providing insurance of the kind referred to in the definition of "owner's policy" or "non-owner's policy" in section 57.1 of the Insurance (Vehicle) Act or providing similar insurance under similar legislation of another jurisdiction;
 - (ii) this Rental Vehicle Policy;

 then the said policies shall respond in the following order or priority, first (i) then (ii) and last (iii), but indemnity provided under this section of this Rental Vehicle Policy is available only to the extent that the amount by which liability is limited herein exceeds the total amount of indemnity provided under (i).

2. No indemnity is afforded to an insured under this section for the liability of an insured in negligence or contract to an owner of a non-owned vehicle for loss or damage to, or loss of use of the non-owned vehicle to which this policy attaches.

- (b) with respect to an occupant of the non-owned vehicle who is not a resident of British Columbia, Regulation section 96 (a) is waived but the cumulative benefits to which such an occupant is also entitled under either the no fault accident benefits provisions of any other policy, certificate or plan of automobile insurance or any other type of accident insurance, policy or coverage are primary and the no fault accident benefits afforded to that occupant by this clause of this policy are excess to such other automobile insurance or accident insurance to the extent that the no fault accident benefits to which the occupant is entitled under this policy exceed the cumulative benefits provided by any primary automobile insurance or accident insurance.

SECTION C

Underinsured Motorist Protection

The Corporation shall provide Underinsured Motorist Protection to an insured on the same terms and conditions as Part 10 Division 2 of the Regulation.

SECTION D

- (b) indirect or consequential loss or damage and loss of use of the non-owned vehicle while it is unavailable for use by the owner as measured by the reasonable retail rental value of a replacement vehicle,

and the amount of indemnification shall be adjusted with and paid to the owner on behalf of an insured as though the loss or damage suffered by the owner of the non-owned vehicle was a claim by an insured for loss or damage to a vehicle owned by the insured and insured by the Corporation by a vehicle rate group as set out in section 5.5 of the Optional Policy.

Special Terms, Conditions and Limitations of Section D

1. Where an insured is legally or contractually liable to an owner for loss or damage for which a claim is payable under this section of this policy, the portion of the claim which relates to direct physical loss or damage to the non-owned vehicle shall be for the amount specified in condition 2.
2. The liability of the Corporation for payment of indemnity for direct physical loss or damage under this section of this policy is limited to the amount (exclusive of interest and court costs) by which the applicable deductible amount fixed in the application for this policy is exceeded by the least of the following amounts:
 - (a) the actual cash value of the non-owned vehicle and its equipment,
 - (b) the cost of repair of the non-owned vehicle and its equipment, and
 - (c) the amount for which the insured is legally or contractually liable.
3. In addition to the provisions of Division 5 of the Optional Policy, sections 69, 73 and 75 of the Regulation also apply to a claim by an insured under this section; provided that section 5.21 of the Optional Policy does not apply to a claim under this section and that coverage under this section is primary to any other insurance applicable to the non-owned vehicle.
4. No indemnity is afforded to an insured under this section unless the insured reports to the Corporation within 21 days of the occurrence of loss or damage to a vehicle that results or is likely to result in a claim under this section, providing details of the loss or damage, including the name, address and driver's licence number of the operator of the vehicle at the time of loss or damage and the location of the vehicle at the time of the loss or damage.

SECTION E

Loss of Use

The Corporation agrees, following an occurrence for which indemnity is payable under section D of this policy, to reimburse an insured in accordance with the Limits and Amounts set out in section E of the application for this policy for expense incurred by such an insured for the rental of a substitute non-owned vehicle as a result of loss or damage to the non-owned vehicle as defined in the General Terms, Conditions and Limitations hereunder where such loss or damage renders the non-owned vehicle inoperable.

REPLACEMENT COST ENDORSEMENT (APV286A)

If a premium is shown for this endorsement in the owner's certificate or Vehicle in Storage Policy, the Corporation agrees to indemnify the insured for direct and accidental loss or damage caused to the described motor vehicle by one of the perils for which the insured has paid a premium under the insured's underlying insurance, occurring during the term of the owner's certificate or Vehicle in Storage Policy, in accordance with the following special terms, conditions, definitions and exclusions of this endorsement and such of the provisions of Division 5 of the Optional Policy as are not in conflict with the special terms, conditions, definitions, and exclusions of this endorsement, and only where there is underlying insurance, and the dollar amount of the loss or damage to the described motor vehicle exceeds the deductible amount applicable to the underlying insurance.

1. If an accident renders the described motor vehicle a total loss or constructive total loss during the period when this endorsement is in effect, the Corporation will indemnify the insured for direct and accidental loss or damage caused to the described motor vehicle

(a) where the described motor vehicle is a new motor vehicle

(i) by replacing the described motor vehicle at the Corporation's cost with the most current model of a new motor vehicle of the same make and model and with equipment and options attached thereto similar, but not necessarily identical, to those listed on the bill of sale where such replacement motor vehicle is deliverable to the insured by a dealer within 30 days of the determination of a total loss or constructive total loss, or

(ii) if a replacement motor vehicle as described in condition 1(a)(i) is not deliverable by a dealer within 30 days of the determination of a total loss or constructive total loss, by paying the insured the lesser of the following:

A. the verified original net purchase price actually paid by the insured for the described motor vehicle as evidenced by the bill of sale, or

B. the manufacturer's suggested retail price at the date of purchase of the described motor vehicle together with any dealer options attached that may be listed on the bill of sale

plus an additional percentage amount of A. or B., whichever of these is paid, such percentage to be determined from the following table, by the model year number of the described motor vehicle:

<u>Model Year Number</u>	<u>Percentage to be Added</u>
Model year 1	2.5%
Model year 2	5.0%
Model year 3	7.5%

or

(iii) as an alternative to 1(a)(i) above and provided that a replacement motor vehicle as described in 1(a)(i) is available as required under the conditions of 1(a)(i), by replacing the described motor vehicle at the Corporation's cost with any other motor vehicle of the insured's choice where such replacement motor vehicle is deliverable to the insured by a dealer within 30 days of the determination of a total loss or constructive total loss, and provided that the cost of such replacement motor vehicle does not exceed the cost of the replacement motor vehicle as determined under 1(a)(i), or

(iv) where a replacement motor vehicle is available under condition 1(a)(i) and the insured elects not to replace the described motor vehicle in accordance with condition 1(a)(i) or condition 1(a)(iii), by paying the insured the settlement amount calculated under condition 1(a)(ii), provided that such amount does not exceed the cost of the replacement motor vehicle as determined under condition 1(a)(i), or

(b) where the described motor vehicle is a used motor vehicle

(i) by replacing the described motor vehicle at the Corporation's cost with the most current model of a new motor vehicle of the same make and model and with equipment and options attached thereto similar, but not necessarily identical, to those that were on the described motor vehicle at the date of the accident, where such replacement vehicle is deliverable to the insured by a dealer within 30 days of the determination of a total loss or constructive total loss, or

(ii) if a replacement motor vehicle as described in condition 1(b)(i) is not deliverable by a dealer within 30 days of the determination of a total loss or constructive total loss, by paying the insured either

A. where the manufacturer still produces the same make and model of vehicle as the described motor vehicle, the cost of the replacement vehicle as determined under 1(b)(i) above, or

B. where the manufacturer no longer produces the same make and model of vehicle as the described motor vehicle, the

manufacturer's suggested retail price for the described motor vehicle at the time it was manufactured, together with any equipment and options attached thereto similar to those that were on the described motor vehicle at the date of the accident, plus an additional percentage amount of the manufacturer's suggested retail price, including equipment and options, such percentage to be determined from the following table, by the model year of the described motor vehicle:

<u>Model Year Number</u>	<u>Percentage to be Added</u>
Model year 1	2.5%
Model year 2	5.0%
Model year 3	7.5%

or

- (iii) as an alternative to 1(b)(i) above, and provided that a replacement vehicle as described in 1(b)(i) is available as required under the conditions of 1(b)(i) by replacing the described motor vehicle at the Corporation's cost with any other vehicle of the insured's choice where such replacement motor vehicle is deliverable to the insured by a dealer within 30 days of the determination of a total loss or constructive total loss, and provided that the cost of such vehicle does not exceed the cost of the replacement motor vehicle as determined under 1(b)(i)

but the cost of repair of any prior unrepaid damage to the described motor vehicle will be deducted from the settlement of the total loss or constructive total loss.

2. The Corporation may extend the timeframe contained in condition 1(a)(i) or 1(b)(i) for delivery of a replacement vehicle if such replacement vehicle cannot be delivered to the insured by a dealer within 30 days but it can be delivered within 90 days after the date of the determination of a total loss or constructive total loss and the insured is willing to wait up to 90 days for the replacement vehicle to be delivered. If such replacement vehicle is not subsequently delivered within 90 days, then indemnity shall only be afforded in accordance with, for a new vehicle, condition 1(a)(ii) and, for a used vehicle, condition 1(b)(ii).
3. In the case of a new motor vehicle only, where a replacement vehicle is delivered within 90 days in accordance with condition 2, but the insured, after having agreed to wait the 90 days, subsequently elects not to accept the

replacement motor vehicle, the settlement basis outlined in condition 1(a)(iii) applies.

4. If, during the period when this endorsement is in effect, an accident causes direct loss or damage to the described motor vehicle that does not render the described motor vehicle a total loss or a constructive total loss, the Corporation will determine whether any part or parts of the described motor vehicle or its equipment shall be repaired or replaced. If the Corporation determines that a part or parts of the described motor vehicle or its equipment shall be replaced, it will indemnify the insured by paying for the cost of repair of the described motor vehicle through such replacement, using new Original Equipment Manufacturer parts for such repair, and without requiring the insured to contribute any amount by way of depreciation or betterment to the cost of such worn or used parts as are replaced, if such replacement parts would result in the insured being required to contribute towards a depreciation or improvement allowance if this endorsement was not applicable. If new Original Equipment Manufacturer parts are not available, the Corporation will indemnify the insured by paying for the cost of repair of the described motor vehicle, using new parts of like kind or quality to those used or recommended by the manufacturer of the described motor vehicle.
