

## Approved driver licensing translator and interpreter list

Interpreters and translators provide different services. An interpreter is able to [interpret your knowledge test](#) and a translator can translate documents such as your licence or driving record.

**Not all translators** are able to translate in both directions (for example, both English to Arabic, and Arabic to English). Please confirm the translator you choose is approved to translate in the direction required.

If you can't find your language here, you can search online for an ICBC-approved translator/interpreter to assist you.
