REPLACEMENT COST ENDORSEMENT (APV286A)

If a premium is shown for this endorsement in the owner's certificate or Storage Policy, the Corporation agrees to indemnify the insured for direct and accidental loss or damage caused to the described motor vehicle by one of the perils for which the insured has paid a premium under the insured's underlying insurance, occurring during the term of the owner's certificate or Storage Policy, in accordance with the following special terms, conditions, definitions and exclusions of this endorsement and such of the provisions of Division 5 of the Optional Policy as are not in conflict with the special terms, conditions, definitions, and exclusions of this endorsement, and only where there is underlying insurance, and the dollar amount of the loss or damage to the described motor vehicle exceeds the deductible amount applicable to the underlying insurance.

1. If an accident renders the described motor vehicle a total loss or constructive total loss during the period when this endorsement is in effect, the Corporation will indemnify the insured for direct and accidental loss or damage caused to the described motor vehicle

(a) where the described motor vehicle is a new motor vehicle

(i) by replacing the described motor vehicle at the Corporation's cost with the most current model of a new motor vehicle of the same make and model and with equipment and options attached thereto similar, but not necessarily identical, to those listed on the bill of sale where such replacement motor vehicle is deliverable to the insured by a dealer within 30 days of the determination of a total loss or constructive total loss, or

(ii) if a replacement motor vehicle as described in condition 1(a)(i) is not deliverable by a dealer within 30 days of the determination of a total loss or constructive total loss, by paying the insured the lesser of the following:

- A. the verified original net purchase price actually paid by the insured for the described motor vehicle as evidenced by the bill of sale, or
- B. the manufacturer's suggested retail price at the date of purchase of the described motor vehicle together with any dealer options attached that may be listed on the bill of sale

plus an additional percentage amount of A. or B., whichever of these is paid, such percentage to be determined from the following table, by the model year number of the described motor vehicle:

Model Year Number	Percentage to be Added
Model year 1	2.5%
Model year 2	5.0%
Model year 3	7.5%

or

(iii) as an alternative to 1(a)(i) above and provided that a replacement motor vehicle as described in 1(a)(i) is available as required under the conditions of 1(a)(i), by replacing the described motor vehicle at the Corporation's cost with any other motor vehicle of the insured's choice where such replacement motor vehicle is deliverable to the insured by a dealer within 30 days of the determination of a total loss or constructive total loss, and provided that the cost of such replacement motor vehicle does not exceed the cost of the replacement motor vehicle as determined under 1(a)(i), or

(iv) where a replacement motor vehicle is available under condition 1(a)(i) and the insured elects not to replace the described motor vehicle in accordance with condition 1(a)(i) or condition 1(a)(iii), by paying the insured the settlement amount calculated under condition 1(a)(ii), provided that such amount does not exceed the cost of the replacement motor vehicle as determined under condition 1(a)(i), or

(b) where the described motor vehicle is a used motor vehicle

(i) by replacing the described motor vehicle at the Corporation's cost with the most current model of a new motor vehicle of the same make and model and with equipment and options attached thereto similar, but not necessarily identical, to those that were on the described motor vehicle at the date of the accident, where such replacement vehicle is deliverable to the insured by a dealer within 30 days of the determination of a total loss or constructive total loss, or

(ii) if a replacement motor vehicle as described in condition 1(b)(i) is not deliverable by a dealer within 30 days of the determination of a total loss or constructive total loss, by paying the insured either

A. where the manufacturer still produces the same make and model of vehicle as the described motor vehicle, the cost of the replacement vehicle as determined under 1(b)(i) above, or

B. where the manufacturer no longer produces the same make and model of vehicle as the described motor vehicle, the manufacturer's suggested retail price for the described motor vehicle at the time it was manufactured, together with any equipment and options attached thereto similar to those that were on the described motor vehicle at the date of the accident, plus an additional percentage amount of the manufacturer's suggested retail price, including equipment and options, such percentage to be determined from the following table, by the model year of the described motor vehicle:

Model Year Number	Percentage to be Added
Model year 1	2.5%
Model year 2	5.0%
Model year 3	7.5%

or

(iii) as an alternative to 1(b)(i) above, and provided that a replacement vehicle as described in 1(b)(i) is available as required under the conditions of 1(b)(i) by replacing the described motor vehicle at the Corporation's cost with any other vehicle of the insured's choice where such replacement motor vehicle is deliverable to the insured by a dealer within 30 days of the determination of a total loss or constructive total loss, and provided that the cost of such vehicle does not exceed the cost of the replacement motor vehicle as determined under 1(b)(i)

but the cost of repair of any prior unrepaired damage to the described motor vehicle will be deducted from the settlement of the total loss or constructive total loss.

2. The Corporation may extend the timeframe contained in condition 1(a)(i) or 1(b)(i) for delivery of a replacement vehicle if such replacement vehicle cannot be delivered to the insured by a dealer within 30 days but it can be delivered within 90 days after the date of the determination of a total loss or constructive total loss and the insured is willing to wait up to 90 days for the replacement vehicle to be delivered. If such replacement vehicle is not subsequently delivered within 90 days, then indemnity shall only be afforded in accordance with, for a new vehicle, condition 1(a)(ii) and, for a used vehicle, condition 1(b)(ii).

3. In the case of a new motor vehicle only, where a replacement vehicle is delivered within 90 days in accordance with condition 2, but the insured, after having agreed to wait the 90 days, subsequently elects not to accept the replacement motor vehicle, the settlement basis outlined in condition 1(a)(iii) applies.

4. Subject to condition 5, if, during the period when this endorsement is in effect, an accident causes direct loss or damage to the described motor vehicle that does not render the described motor vehicle a total loss or a constructive total loss, the Corporation will determine whether any part or parts of the described motor vehicle or its equipment shall be repaired or replaced. If the Corporation determines that a part or parts of the described motor vehicle or its equipment shall be replaced, it will indemnify the insured by paying for the cost of repair of the described motor vehicle through such replacement, using new Original Equipment Manufacturer parts for such repair, and without requiring the insured to contribute any amount by way of depreciation or betterment to the cost of such worn or used parts as are replaced, if such replacement parts would result in the insured being required to contribute towards a depreciation or improvement allowance if this endorsement was not applicable. If new Original Equipment Manufacturer parts are not available, the Corporation will indemnify the insured by paying for the cost of repair of the described motor vehicle, using new parts of like kind or quality to those used or recommended by the manufacturer of the described motor vehicle.

5. Where a premium has been paid to the Corporation by the insured for the "New Vehicle Replacement Plus" option as shown on the owner's certificate,

(a) if during the period when this endorsement is in effect, an accident causes direct loss or damage to the described motor vehicle that does not render the described motor vehicle a total loss or a constructive total loss, the Corporation will treat the loss or damage as a total loss or constructive total loss in accordance with conditions 1, 2 and 3, provided that the loss or damage renders the described motor vehicle a "major damage loss", and

(b) the Corporation will reimburse the deductible amount applicable to the underlying insurance where the described motor vehicle is rendered a total loss, a constructive total loss or a major damage loss.

6. This endorsement applies only to an owner's certificate or Storage Policy

(a) for a motor vehicle which is in model year 1, 2 or 3,

(b) for a motor vehicle which is not a rebuilt, replica, repicar, replikit, specialty or rebuilt vehicle, and

(c) if the certificate or policy has underlying collision and comprehensive or collision and specified perils coverage, or if the certificate is entitled to a Fleetplan discount of 40 per cent or greater.

7. This endorsement is void

(a) if the insured is not a resident of British Columbia,

(b) if issued for a motor vehicle which is not in model year 1, 2 or 3,

(c) if the insured did not meet the applicable qualification under condition 6(c) above at the time this endorsement was issued, or

(d) if issued for a motor vehicle which is a rebuilt, replica, repicar, replikit, specialty or rebuilt vehicle.

8. No indemnity is afforded by this endorsement
- (a) where the described motor vehicle
 - (i) is a commercial motor vehicle having a licensed gross vehicle weight in excess of 5500 kgs, or
 - (ii) is not insured by the underlying insurance under rate class 001, 002, 003, 004, 007, 011, 012, 014, 015, 051, 200, 202, 203, 206, 850, 853 or 856 at the time of loss,
 - (b) for a claim or demand
