

## Approved Translator List

Interpreters and translators provide different services. An interpreter is able to interpret your knowledge test and a translator can translate documents such as your licence or driving record.

The majority of translators on this list can act as both translator and interpreter unless otherwise noted, e.g. “documents only.” You should confirm with your translator that they can meet your specific requirements.

Not all translators are able to translate in both directions (for example, both English to Arabic, and Arabic to English). Please confirm the translator you choose is approved to translate in the direction you require.

Not all ICBC approved translators are on this list. If you can't find your language here, you can search for translators online for an ICBC-approved translator/interpreter to assist you.

Please Note: Translator information could take up to 7 business days to update
