

COVID-19 Precautions Before entering this office

We're here to help, however if any of the following applies, we ask that you come back at a later date:

- You have a fever, new onset of cough, or difficulty breathing.
- You travelled outside of Canada within the last 14 days.
- You have been in close contact with anyone who has been diagnosed with the COVID-19 virus (coronavirus) within the last 14 days.

Visit the BC Centre for Disease Control website (bccdc.ca) to learn more about COVID-19, including preventative measures and when to seek medical attention.
