

Class 1 MELT Assessment: Basic and Urban Driving

LAST NAME	FIRST NAME	DRIVER'S LICENCE NUMBER	
DRIVER TRAINING SCHOOL NAME	STUDENT SIGNATURE	START TIME	END TIME

The allotted time for this assessment is 2 hours. To pass, the student must not receive more than 15 demerits. Insert one demerit mark for each error observed. Errors that are not included in a specified manoeuvre should be marked under general driving skills. The majority of this assessment should be conducted in speed zones **under** 80 km/h. No assistance or coaching is permitted.

Startup/end procedures		Totals			
	Incorrect startup/engine warm up procedures				
	Fails to monitor gauges and warning lights				
	Fails to adjust seat/wear seat belt				
	Fails to check/adjust mirrors				
	End park: safely parks and secures vehicle				
Section total					
General driving and through intersections		Totals			
Observation	Fails to scan/check mirrors				
	Disobeys road signs/markings				
	Fails to notice issue with vehicle/trailer				
	Fails to minimize glare				
Right of way	Improper use of high beams				
	Fails to yield (vehicle/pedestrian/cyclist)				
	Fails to take right of way (hesitates/stops)				
Speed control	Too slow/too fast for conditions				
	Uneven speed control				
	Exceeds speed limit				
	Fails to stop/rolling stop				
	Amber light				
	Improper use of brakes (service/engine)				
	Brakes late/rough/pumps				
Road position	Improper lane selection				
	Follows too close				
	Poor lane position/straddles				
	Stops too far ahead/back				
Shifting	Enters intersection: exit blocked				
	Wrong gear				
	Misses shift/grinds gear				
	Improper use of clutch (too late/stalls)				
	Poor shift recovery/coasts				
Steering	Fails to downshift when required				
	Poor hand position/uses one hand				
Signals	Rough/jerky steering				
	No signal/wrong signal				
	Signals too late/too early				
	Fails to cancel				
Section total					

Moving off and into traffic		Totals			
Observation	Fails to scan/check mirrors				
	Fails to observe hazards/clearance/trailer				
Right of way	Fails to yield (vehicle/pedestrian/cyclist)				
	Fails to take right of way (hesitates/stops)				
Speed control	Too slow/too fast for conditions				
Road position	Improper space margins				
Shifting	Wrong gear				
	Misses shift/grinds gear				
	Improper use of clutch (too late/stalls)				
Steering	Poor hand position/uses one hand				
	Rough/jerky steering				
Signals	No signal/wrong signal				
	Signals too late/too early				
	Fails to cancel				
Section total					
Lane changes		Totals			
Observation	Fails to scan/check mirrors				
	Fails to observe trailer position				
	Disobeys road signs/markings				
Right of way	Fails to yield (vehicle/pedestrian/cyclist)				
	Fails to take right of way (hesitates/stops)				
Speed control	Too slow/too fast for conditions				
	Uneven speed control				
	Exceeds speed limit				
Road position	Poor location (intersection/cross-walk/railway)				
	Improper space margins				
	Poor lane position/straddles				
Shifting	Wrong gear				
	Misses shift/grinds gear				
	Improper use of clutch (too late/stalls)				
	Poor shift recovery/coasts				
Steering	Poor hand position/uses one hand				
	Rough/jerky steering				
Signals	No signal/wrong signal				
	Signals too late/too early				
	Fails to cancel				
Section total					

Left and right turns		Totals				
Observation	Fails to scan/check mirrors					
	Fails to observe trailer position					
	Disobeys road signs/markings					
Right of way	Fails to yield (vehicle/pedestrian/cyclist)					
	Fails to take right of way (hesitates/stops)					
	Fails to enter intersection (left turn)					
Signals	No signal/wrong signal					
	Signals too late/too early					
	Fails to cancel					
Road position	Wrong lane entering					
	Wrong lane exiting					
	Poor set-up (cuts/wide)					
	Turns into prohibited lane					
	Follows too close					
	Blocks crosswalk					
	Enters intersection: exit blocked					
Steering	Poor hand position/uses one hand					
	Rough/jerky steering					
Shifting	Wrong gear					
	Misses shift/grinds gear					
	Improper use of clutch (too late/stalls)					
	Poor shift recovery/coasts					
	Excessively rolls back					
Speed control	Turns too slow/too fast					
	Fails to stop/rolling stop					
	Amber light					
	Improper use of brakes (service/engine)					
	Brakes late/rough/pumps					
Section total						

Curves – Urban		Totals				
	Fails to scan/check mirrors					
	Disobeys road signs/markings					
	Too slow/too fast for conditions					
	Uneven speed control					
	Exceeds speed limit					
	Improper space margins					
	Poor lane position/straddles					
	Fails to manage trailer off-track					
	Poor hand position/uses one hand					
Section total						
Uphill – Basic/urban		Totals				
	Fails to scan/check mirrors					
	Disobeys road signs/markings					
	Improper lane selection/blocks lane					
	Fails to activate 4-way flashers					
	Shifting: wrong gear/misses/stalls					
	Improper space margins					
	Excessively rolls back					
Section total						
Downhill – Basic/urban		Totals				
	Disobeys road signs/markings					
	Improper lane selection/blocks lane					
	Fails to activate 4-way flashers					
	Too slow/too fast for conditions					
	Improper space margins					
	Shifting: wrong gear/misses/stalls/coasts					
	Improper use of brakes (service/engine)					
Section total						
Railway crossing (if available)		Totals				
	Fails to scan					
	Fails to stop at controlled crossing					
	Stops too far ahead/back					
	Shifts while crossing tracks					
	Shifting: wrong gear/misses/stalls/coasts					
	Stops on tracks (tractor or trailer)					
Section total						
Dangerous Actions and Violations (reason):						F

NOTES

RESULTS	Totals
Startup/end procedures	
General driving and through intersections	
Moving off and into traffic	
Lane changes	
Left and right turns	
Curves – Basic/urban	
Uphill – Basic/urban	
Downhill – Basic/urban	
Railway crossing (if applicable)	
Total demerits	
Result (circle) – no more than 15 demerits allowed: Pass Fail
