

Vehicle registration & licensing

Introducing our new bulletin

The **vehicle registration & licensing** bulletin will serve as a timely resource for law enforcement, commercial transport inspectors, Canadian border agents, and other interested stakeholders.

You'll find important information that impacts vehicle registration, licensing, and related issues on vehicles on BC highways, such as significant legislative or regulatory amendments, policies or interim procedures.

ICBC is committed to providing timely, relevant and accurate information to all our stakeholders. The frequency of the bulletin will depend on Provincial Vehicle Registration and Licensing's project work and on the feedback we receive from stakeholders like you on any vehicle registration or licensing subject.

Based on the latest feedback, our next bulletin features **motor-assisted cycles**, and how you can distinguish them from similar looking limited-speed motorcycles. The bulletin also highlights the legislation that governs the operation of motor-assisted cycles on BC highways.

Save, share and suggest

Please feel free to **share copies** of these bulletins with anyone in or outside your organization. Thank you in advance for your support!

Please **keep each bulletin** for future reference. They will be numbered sequentially to make filing easier.

Stay informed: **tell us what you want** to hear about registration, licensing or related topics in future bulletins.

Contact

If you or your staff have any questions, please feel free to contact either:
