

building trust. driving confidence.

November 1, 2016

To our valued suppliers,

Recently, ICBC has experienced a higher than normal volume of vendor invoices. To ensure that all our suppliers are receiving timely payments within our 30-day commitment, we have temporarily scheduled additional payments outside of our normal bi-weekly payment cycle. As a result, you may notice earlier than usual payment for services from ICBC.

Once invoice volumes have returned to normal, ICBC will resume its regular bi-weekly payment cycle.

Thank you.
